# The Illinois Volunteer MONEY MANAGEMENT PROGRAM

is a protective service for limited income seniors who need help managing their finances. The goal of the program is to assist low income seniors, as well as to promote independent living and prevent unnecessary institutionalization, guardianship, or homelessness.

AARP recruits members to be volunteers, provides insurance coverage of client funds, and provides program policies, procedures and materials.

Local project sites, contracted by the Illinois Department on Aging, recruit, select, train and match volunteers to assist seniors in managing their finances. Ongoing support and supervision are provided.

Referrals are made to the local project site by social service agencies, the Social Security Administration, family, friends or other concerned persons. The trained volunteer and local program coordinator meet with each client to explain the program and assess the client's needs.

## What Will the Volunteer Money Manager Do?

Bill Payer volunteers will provide opening and organizing mail, budget set-up, checkbook balancing and bill paying services for seniors who remain in control of their finances, but need some help keeping things in order.

Representative Payee volunteers are appointed by the Social Security Administration to manage monthly benefits of a client determined incapable of handling his or her own finances. A separate account is opened with checks automatically deposited. The representative payee manages and pays the client's expenses from this account.
